Re: Project. Friable Asbestos Removal
Building 104 RAAF BASE RICHMOND.

Phil,

I would like to thank you & your team at Lidoran Environmental Services for the excellent way in which the works were completed for the above project.

Your prompt service at quoting stage, the co operation you gave, to get the necessary documentation to me prior to work commencing, all helped me in my compliance with the client.

During the project, your team worked well together & complied with any requests given to them by either my staff or Noel Arnolds & Associates.

On completion of the works all documentation was sent thru quickly and the site left in a clean state.

I would certainly use your services again and have no hesitation recommending Lidoran Environmental Services to others. Thank you.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Dick Vernon', with a long horizontal line extending to the right.
